Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative was approached to the effect of adding some proposed limitations suggested by Examiner in order to put the entire claimed invention in better condition for allowance. After discussing on how to specify the level of documents for the basis for effecting the text comparison as described from the claimed steps of claim 1, it was agreed that adding specifics to the above-mentioned level(s) and expand this change to all independent claims would suffice to improve the invention so that it would be closer to an possible allowance..
